Pampering Hot Spot - Queens Beauty Lounge Spa & Salon

Synonymous to its name, Queens Beauty Lounge Spa & Salon truly is a gem in the massive sea of salons and spas in our little city of Dubai. I walked into the salon for a quick facial and nail polish change that was meant to last an hour; however, I walked out of the salon only four hours later completely wowed!

It's amazing how a good facial goes a long way, leaving your complexion with a plumped up, natural radiance. A little skin love equals to a whole lot of skin glow. We all need to give our skin the required uplift once in a while and there is no better way to do this than experiencing a deep cleanse facial at Queens Beauty Lounge Spa.

THE TREATMENT: The Deep Cleanse Facial

THE LOW DOWN: All staff at Queens beauty lounge and Spa are highly qualified and certified skin consultants so your face is in expert hands.

Before your treatment, the skin specialist goes through a series of questions on your skin routine, type etc. followed by a thorough analysis of your skin and tailors your facial accordingly.

This deep pore-cleansing facial begins with extraction of blackheads and targets breakouts via in-depth cleansing, steaming and extractions. Following this, an advanced treatment mask with cosmeceutical active ingredients is applied. Once removed, a slick of moisturiser is massaged into your skin, followed by a final consultation with advice on daily

Get your party glam on!

Here's the prep you need to do this party season to save time and look your absolute best:

Skin: Make sure your skin is hydrated, and your make up will last longer!

Nails: Splash some color on those nails for a standout look. I recommend the Caviar manicure!

Lips: For irresistible, dazzling lips try the Glitz Fix palette.

cleansing routines, and then you're good to go.

THE RESULT: The process eliminates impurities and restores balance and nourishment to dull skin. While skin might be a little blush after the treatment, it dies down after 30 minutes leaving you with squeaky clean glowing skin.

MY EXPERIENCE: One word – WOW! I have tried out a lot of different facials at various salons and spas but this one had me blown away. My skin just didn't look clean, it felt clean too for weeks on end. The facial specialist offered a very personalized touch to the entire process, which further enriched the entire experience. I will definitely be heading back there real soon. It is also recommended to get a deep cleanse facial once a month.

As if I needed another reason to go there?!
